

The 2025 Skagit County Master Gardener Plant Fair is scheduled for Saturday, May 10.

---

Use this guide to make strategic selections when choosing vegetable seeds for planting your 2025 garden.

---

Rebuild your garden soil with a winter cover crop which is considered a green, plant-based fertilizer that feeds the soil without animal products.

---

Capture the seasonal flavors by preserving fresh herbs. Get started drying, freezing, dehydrating and enhance your meals deep into the winter.

---

Whatever the physical challenge, take heart and continue to enjoy gardening by implementing some of these adaptive methods.

---

Learn about pollinators and open your eyes to the beauty and intricate connectivity of nature. As gardeners, we can make choices that will enhance or inhibit pollinators.

---

Interested in growing vegetables but wondering where to start? Master gardeners walk you through what to consider when starting a vegetable garden for the first time.

---

Grow herbs and vegetables in the middle of the winter with an indoor growing stand.

---

Winter is a great time to plan for next season and explore the many advantages of building raised gardening beds.

---

Master Gardener Sheri Rylaarsdam shares the fun of getting started saving and sharing seeds from your garden.

---

Join us for a day of discovery and learning at the Skagit Master Gardener's Discovery Garden in Mount Vernon

---

Skagit County WSU Extension Master Gardeners are preparing for their 2023 Plant Fair at the Skagit County Fairgrounds in Mount Vernon on May 13. Free Admission

---

Master Gardener Diana Wisen discusses slug damage and eradication, one of the most discussed topics among PNW gardeners.

---

The marine-influenced weather in the Pacific Northwest is the perfect climate for growing cool-season vegetables.

---

The dark days of winter are upon us. As a gardener, this is the time of year we pull out the seed catalogs and start planning for next year.
