

Plant Fair 2024 Venue Rental Regulations and Guidelines

Regulations for use of Fairgrounds rental

As the renters of the facility, the Skagit County Master Gardener Foundation is responsible for ensuring that all participants adhere to the Fairgrounds regulations as stated in the rental contract. Failure to follow the rules could result in the event being shut down at the discretion of the Fairgrounds staff. It is therefore crucial that all participants follow these rules:

- Possession and/or consumption of alcoholic beverages at the Fairgrounds is prohibited.
- Smoking is prohibited in all buildings and is not allowed on Fairgrounds property.
- All Food Concessionaires, Restaurants and/or Caterers must be registered with the Skagit County Health Department.
- Noise must be kept to a comfortable level for neighbors of the venue.
- Overnight camping is not allowed.
- Complaints of misconduct, domestic violence, fighting, and/or general disorder will cause immediate closure of the event.

Additional guidelines regarding dogs

- Typically, the Fairgrounds has a no dogs (except for licensed service animals) policy during large public events. For this reason, we would ask you to consider leaving your dog/pet at home. Please note other events at the Fairgrounds, including the County Fair, have a strict no dogs policy. At the heart of the typical fairgrounds policy is to protect animals that are inspected and vet-checked before entering the grounds for an event, such as the 4-H Small Animal Fair, which is part of the Plant Fair event.
